The freedom and flexibility of the casual dress code can be a little overwhelming. Most people will thus tend to retreat into the default foolproof outfit: jeans, t-shirt and a cool pair of sneakers. But you will see later in this article that there are more subtleties to spice up your casual look.

//Komputer jaringan 1

You can wear anything that looks nice. This includes jeans, sweaters, t-shirts, sneakers, and much more. However, it usually excludes flip-flops, sweats or gym clothes, revealing clothes, stained clothes, heavily distressed or ripped items, and graphic shirts with offensive or controversial statements on them.

GRUNGE

fashion style.

//Busana Butik 1

Grunge fashion is characterized by durable and timeless thrift-store clothing, often worn in a loose, androgynous manner to de-emphasize the silhouette. Grunge also incorporates influences from indie rock bands such as Sonic Youth. Lyrics are typically angst-filled and introspective, often addressing themes such as social alienation, self-doubt, abuse, neglect, betrayal, social and emotional isolation, psychological trauma and a desire for freedom

YEARBOOK 2020-2021

Grunge (sometimes referred to as the Seattle sound) is an alternative rock genre and subculture that emerged during the mid-1980s in the American Pacific Northwest state of Washington, particularly in Seattle and nearby towns. Grunge fuses elements of punk rock[1] and heavy metal,[2] featuring the distorted electric guitar sound used in both genres, although some bands performed with more emphasis on one or the other. Like these genres, grunge typically uses electric guitar, bass guitar, drums and vocals.

Entrepreneurship is an act of being an entrepreneur, or "the owner or manager of a business enterprise who, by risk and initiative, attempts to make profits". Entrepreneurs act as managers and oversee the launch and growth of an enterprise. Entrepreneurship is the process by which either an individual or a team identifies a business opportunity and acquires and deploys the necessary resources required for its exploitation.

The photograph shows five young women sitting at a wooden table in a modern interior space. The ceiling is made of large, overlapping wooden panels with red Christmas ornaments hanging from them. The women are dressed in casual to semi-formal attire, including blazers and hijabs. The background features a window with a view of greenery and some shelves with decorative items. The overall atmosphere is warm and festive.

Fashion in the 1990s was defined by a return to minimalist fashion,[1] in contrast to the more elaborate and flashy trends of the 1980s. One notable shift was the mainstream adoption of tattoos, body piercings aside from ear piercing and to a much lesser extent, other forms of body modification such as branding.

PASTEL colours.

//Perhotelan 2

This time we are going to speak about one of the biggest this year's fashion trends called pastel colors. They are ladylike and sweet looking hues that can be incorporated with almost any color. Believe me, this is a perfect choice for creating a lovely OOTD.

AUTUMN season.

//Perhotelan 3

Autumn, also known as fall in North American English, is one of the four temperate seasons. Outside the tropics, autumn marks the transition from summer to winter, in September (Northern Hemisphere) or March (Southern Hemisphere), when the duration of daylight becomes noticeably shorter and the temperature cools considerably.

//Kuliner 1

The dynamic world of fashion gave birth to a culture that has many fans, namely streetwear. the types of streetwear that trend to be casual and non-formal are very suitable for casual walks or hangouts with friends. Streetwear also creates a community that is very loyal to certain brands. In Indonesia, streetwear is a concept that is carried by many local distro clothing brands.

Neon lighting consists of brightly glowing, electrified glass tubes or bulbs that contain rarefied neon or other gases. Neon lights are a type of cold cathode gas-discharge light.

A neon tube is a sealed glass tube with a metal electrode at each end, filled with one of a number of gases at low pressure. A high potential of several thousand volts applied to the electrodes ionizes the gas in the tube, causing it to emit colored light.

This material is a strong cotton cloth, which is woven using a cross of twill. This fabric has a texture similar to carpet, but thinner and smoother. Early denim fabrics only had one color choice, namely indigo. However, these fabrics were later produced in other colors such as produced, grays, and many more.
